- Billet Aluminium construction.
- Can be cleaned with "Hospital Grade" solutions (10,000 parts bleach per 1,000,000).

Ideal For

Healthcare

Education

Manufacturing

Commerical

The ErgoMounts Elite Medical Monitor Arm Ceiling Mount incorporates design features allowing it to support a screen up to 12.7Kg while still providing effortless movement. The Elite allows a television or monitor to be suspended from the ceiling and pulled out when required. The Elite arm is fully cable managed, gas spring assisted and provides up to 21" (53.34cm) of vertical and 42" (106.68cm) of horizontal adjustment from mount to monitor. As standard this ceiling mount is available with the following pole drop lengths: 5", 12", 24" or 36" (custom lengths are available upon request).

This mount will be compatible with 99.9% of screens providing that they have a VESA 75mm x 75mm or VESA 100mm x 100mm interface plate and weigh under 12.7Kgs.

Manufactured to order...

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 100's of combinations on our products as well as bespoke design but at a much shorter lead time to our competitors who often rely on Far East manufacturing.
