

iPoint

With a unique contemporary design, the iPoint is ideally suited to high profile locations such as retail or leisure environments, where form is equally as important as function.

Features

The iPoint is a stylish and minimalistic unit, which is ideal as an information point, digital wayfinding, automatic check-in or interactive advertising platform. It can include a 22 inch 16:10 LCD and either Capacitive or Projected Capacitive (flush) touch screen.

Construction

Manufactured from aluminium and powder coated to a RAL colour of your choice, the iPoint can also be branded by means of engraving or application of a digitally printed vinyl.
