

Orbis

The Orbis is the latest product in the 10 Squared range of digital totems that aim to think outside the box

Suitable for a variety of different environments, the unique and eye catching design has been developed to provide image conscious businesses an unobtrusive platform for their creative digital content.

Features

Available in screen sizes from 42inch to 65 inch the Orbis can also be supplied with sunlight viewable displays for in window applications.

Using industrial grade LCD panels and rugged PC technology ensures that the unit is suitable for prolonged hours of use in harsh public realm environments.

Construction

The durable free-standing fabricated housing and integration of all peripherals within allows the Orbis to be a purely free standing proposition with little need for additional infrastructure.

With an architectural powder coat finish of choice and the addition of various wood effect, LED and vinyl options, the Orbis can be easily adapted to suit any individual brand requirement.
